Our Mission

"Provide compassionate and loving caregivers that work closely with our clients and their families"

Why Us

Just Like Family promises to enhance the lives of aging adults and to treat everybody like a member of our own family.

We offer a flexible range of services to meet our clients' needs

How We Start

Just Like Family uses a collaborative, client-driven approach to tailor individualized care plans and coordinate case management.

We Customize our Care Plans By:

- ◇ Creating a connection with our clients and their families
- ◇ Doing an assessment to listen, learn and help identify needs, capabilities and our client's preferences
- ◇ Developing a "Plan of Action" to achieve care goals and to determine a start date
- ◇ Matching caregivers to clients' requests, desires, needs and personalities
- ◇ Continuing to evaluate what is working well, what gaps may exist and solutions
- ◇ Monitoring our client's and their family's satisfaction

"Jason and Leeanne are great to work with. They are professional, empathetic, kind and totally understood my needs. They have amazing staff that are kind, caring and respectful adhering to Covid protocols. They were there for me when I need their assistance with my elderly mother. They answered all my questions and truly supported us.... Just like Family. I highly recommend them. You will not be disappointed"
