

About Us

At Westhills we wholeheartedly believe that to nurture the well-being of those around us we must create a warm and welcoming home where we can create memorable stories and lasting relationships.

That is why we developed Westhills, a three storey, 160 bed long term care home designed to reflect the cultural heritage and uniqueness of the Niagara Region. Special focus and attention was given to creating neighbourhoods that look and feel like a "home" while ensuring safety, comfort and complete privacy to our residents.

Continuum of Care

We provide a range of care and services for our residents to ensure that their needs are met.
